

Please don't allow Low Power FM (LPFM) to be expanded in a way that would allow LPFM stations to take priority over current FM translator service. This would adversely affect K-LOVE, a national and regional broadcaster that has many local FM translators used to bring the Positive & Encouraging K-LOVE signal to communities across the nation. The loss of K-LOVE FM Radio service in the Denver area would take away my primary source of Christian music, news and information. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, the community would suffer from the loss of the only mass medium that provides air time for Christian musicians, and a Christian perspective on news and current events. K-LOVE provides a broader service in the community. Through its family friendly content and encouraging music, K-LOVE plays a valuable role in helping to foster the kind of values that the community needs, to deal with the fast-paced, turbulent time in which we are living. Thank you.
